

# Everybody, Everyday Mission Statement.

Everybody, Everyday gives our students the Cultural Capital to succeed in life and make a positive contribution to their community and the wider world. It allows opportunities for every person to become respectful, resilient and tolerant of others.

Everybody, Everyday has a unique place in the curriculum at Batley Girls' High School because it provides a safe space to explore social, moral and cultural aspects of living in a modern British Society, whilst also encouraging students to stay true to themselves.
